OMNIRES

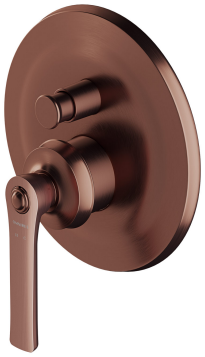

ARMANCE | 2-way shower/bath mixer for concealed installation

Finish: brushed antique copper (ORB)

The OMNIRES ARMANCE collection features modern form with creative references to traditional style. It stands out thanks to its perfect design, decorative details and its romantic aesthetics.

Made of high grade brass, the mixer is equipped with a superior quality ceramic cartridge.

Antique copper is an expressive finishing in a red-brown shade, with brushed texture and vintage character.

Certificates: Polish Declaration of Performance (B marking), Polish Hygienic Certificate PZH

Technologies

The mixer is equipped with the highest quality ceramic cartridge which ensures smooth and precise water flow control whilst guaranteeing long term product performance.

The mixer's body, the valve and the rosette are all made of high quality A-grade brass.

- hot water supply: max. 90 °C
- working pressure 1-5 bar
- acoustic group: II/II

Specification

- rosette dimensions: ø16.8 cm
- minimum wall depth: 7 cm
- two 1/2" inlets (cold and hot water), two outlets for mixed water: 1/2" and 3/4"
- built-in parts included

Product care

HOW TO TAKE CARE OF BATHROOM AND KITCHEN FITTINGS?

You should clean your bathroom and kitchen fittings regularly, preferably after each use, so as to prevent the build-up of hard-to-remove dirt. For daily maintenance of external surfaces, use a soft cloth (for example, a microfibre cloth) and a solution of water with a mild cleaning agent with a natural composition. Hard-to-reach recesses and milled details can be gently cleaned with a soft brush. Then rinse the product thoroughly with clean water and wipe it dry. It is not recommended to use rough or abrasive materials and

corrosive or bleaching substances to prevent damaging the surface of the product.

For more stubborn dirt, use a 10% citric acid solution with water. Apply this solution directly to the product or cover the product with a cloth soaked in the solution. After 10 minutes, rinse the product thoroughly with clean water and wipe it dry. If necessary, the process can be repeated.
