

BIDETTA | bidet hand shower

Finish: semi-matt black (BLH)

The OMNIRES BIDETTA collection stands out with its elegant design, perfectly complementing modern bathroom interiors. The bidet hand shower's simple form allows it to be seamlessly integrated into any design concept. The STOP function provides convenient control over the water flow at any moment, ensuring greater precision and comfort during use.

Black is an expressive, dark finishing, with a perfectly smooth, satin surface.
Certificates: Polish Declaration of Performance (B marking)

Technologies

The product is made of high quality A-grade brass.

Flow characteristics

- water flow at 3 bar: 10 l/min
- working pressure 1-5 bar

Specification

- brass
- 1-function
- stop function
- after using the product, always shut off the water supply using the mixer or the inside stop cock. Leaving the bidet hand shower pressurized can lead to leakage or damage to the product.
