

BIDETTA | bidet hand shower

Finish: polished chrome (CR)

The OMNIRES BIDETTA collection stands out with its elegant design, perfectly complementing modern bathroom interiors. The bidet hand shower's simple form allows it to be seamlessly integrated into any design concept. The STOP function provides convenient control over the water flow at any moment, ensuring greater precision and comfort during use.

Chrome is a versatile finishing in a silvery colour, with the perfectly even and lustrous surface.

Certificates: Polish Declaration of Performance (B marking)

Technologies

The product's coating, made using advanced galvanization technology, is durable and easy to clean.

The product is made of high quality A-grade brass.

Flow characteristics

- water flow at 3 bar: 10 l/min
- working pressure 1-5 bar
- noise class: U

Specification

- brass
- 1-function
- stop function
- after using the product, always shut off the water supply using the mixer or the inside stop cock. Leaving the bidet hand shower pressurized can lead to leakage or damage to the product.
