OMNIRES

BARETTI | bidet system for concealed installation

Finish: polished chrome (CR)

The OMNIRES BARETTI collection stands out with intriguing shapes of the body based on right angles and curves. This modern and harmonious form marvels with perfectly defined details.

Chrome is a versatile finishing in a silvery colour, with the perfectly even and lustrous surface.

Design: Dominika Drezner-Ilczuk

Technologies

The mixer is equipped with the highest quality ceramic cartridge which ensures smooth and precise water flow control whilst guaranteeing long term product performance.

The product's coating, made using advanced galvanization technology, is durable and easy to clean.

The mixer's body is made of high quality A-grade brass.

Flow characteristics

- working pressure 1-5 bar

Specification

- shower mixer for concealed installation (BA7845CR)
- brass hand shower (BIDETTA3-RCR)
- stainless steel flexible shower hose (022-XCR), length: 125 cm
- brass shower elbow with a hand shower bracket (8815CR)
- after each use, always turn off the water supply at the mixer or shut-off valve. Leaving the bidet hand shower under constant water pressure may cause leaks or damage to the product.

Product care

HOW TO TAKE CARE OF BATHROOM AND KITCHEN FITTINGS?

You should clean your bathroom and kitchen fittings regularly, preferably after each use, so as to prevent the build-up of hard-to-remove dirt. For daily maintenance of external surfaces, use a soft cloth (for example, a microfibre cloth) and a solution of water with a mild cleaning agent with a natural composition. Hard-to-reach recesses and milled details can be gently cleaned with a soft brush. Then rinse the product thoroughly with clean water and wipe it dry. It is not recommended to use rough or abrasive materials and

corrosive or bleaching substances to prevent damaging the surface of the product.

For more stubborn dirt, use a 10% citric acid solution with water. Apply this solution directly to the product or cover the product with a cloth soaked in the solution. After 10 minutes, rinse the product thoroughly with clean water and wipe it dry. If necessary, the process can be repeated.
