OMNIRES

PARMA | bidet system for concealed installation

Finish: matt black (BLM)

The OMNIRES PARMA collection stands out with its minimalist, elegant design. A well-balanced form with rounded edges proves light and subtle. Well thought-out solutions give the collection a timeless character.

Matt black is an expressive finishing with a velvety to the touch surface.

Design: Janusz Langner, OMNIRES

Technologies

The mixer is equipped with the highest quality ceramic cartridge which ensures smooth and precise water flow control whilst guaranteeing long term product performance.

The mixer's body, the valve and the rosette are all made of high quality A-grade brass.

Flow characteristics

- working pressure 1-5 bar

Specification

- bidet mixer for concealed installation, excluding built-in part
- built-in part for bidet mixer for concealed installation
- brass bidet hand shower (BIDETTA3-RBL)
- stainless steel flexible shower hose (022-XBL), length: 125 cm
- after each use, always turn off the water supply at the mixer or shut-off valve. Leaving the bidet hand shower under constant water pressure may cause leaks or damage to the product.

Product care

HOW TO TAKE CARE OF BATHROOM AND KITCHEN FITTINGS?

You should clean your bathroom and kitchen fittings regularly, preferably after each use, so as to prevent the build-up of hard-to-remove dirt. For daily maintenance of external surfaces, use a soft cloth (for example, a microfibre cloth) and a solution of water with a mild cleaning agent with a natural composition. Hard-to-reach recesses and milled details can be gently cleaned with a soft brush. Then rinse the product thoroughly with clean water and wipe it dry. It is not recommended to use rough or abrasive materials and corrosive or bleaching substances to prevent damaging the surface of the product.

For more stubborn dirt, use a 10% citric acid solution with water. Apply this solution directly to the product or cover the product with

a cloth soaked in the solution. After 10 minutes, rinse the product thoroughly with clean water and wipe it dry. If necessary, the process can be repeated.
