OMNIRES

GARLAND | ceramic countertop/wall-mounted basin, 42 x 43 cm

Finish: gloss white (BP)

The OMNIRES GARLAND washbasin is defined by its minimalist, geometric silhouette softened by sophisticated edging and delicate curves. The basin has a hole for a standing mixer, and the overflow hole is finished with a decorative chrome-plated insert. The basin can be installed on a countertop or mounted on the wall.

The basin is made of the highest quality ceramic. White gloss is a classic finish with a gleaming surface naturally reflecting the light.

Certificates: European Declaration of Performance (CE marking), Polish Hygienic Certificate PZH

Technologies

The basin is made of the highest quality ceramic characterised by good hygienic properties.

Specification

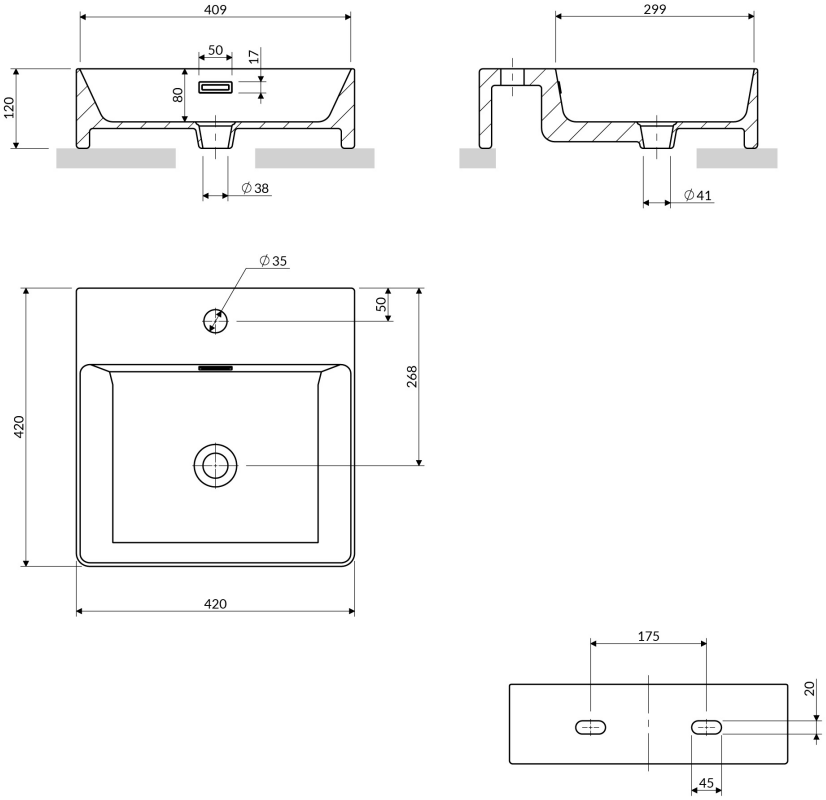

- length: 42 cm

- height: 12.5 cm
- with 1 tap hole
- with internal overflow
- basin waste not included (choose)
- capacity: 8,53 l
- net weight: 10,969 kg
- gross weight: 12,188 kg

Product care

HOW TO PROTECT AND CLEAN COMPOSITE AND CERAMIC PRODUCTS?

Products made from M+ composite material and ceramics should be cleaned regularly, preferably after each use, so as to prevent the build-up of hard-to-remove dirt. For daily maintenance of external surfaces, use a soft cloth (for example, a microfibre cloth) and a solution of water with a mild cleaning agent with a natural composition, then rinse the product thoroughly with clean water and wipe it dry. It is not recommended to use rough or abrasive materials and corrosive or bleaching substances to prevent damaging the surface of the product.

For more stubborn dirt, use a 10% citric acid solution with water. Apply the solution to the product for 2 to 3 minutes. After that time, rinse the product thoroughly with clean water and wipe it dry. If necessary, the process can be repeated. Residues from hair dye, lipstick or other products with a dyeing effect should be removed from the surface immediately to prevent the formation of permanent marks.
