OMNIRES

KINGSTON | double panel bath screen, 120 cm

Finish: matt black / transparent glass (BLMTR)

The OMNIRES KINGSTON bath screen is a smart solution that seamlessly transforms a bathtub into a comfortable shower enclosure and providing flexibility when designing even compact bathrooms. Its understated form visually enlarges the interior, while the transparent glass subtly delineates the bathing area, creating a sense of order and enhancing the room's visual coherence.
Certificates: European Declaration of Performance (CE marking)

Technologies

Tempered safety glass with the innovative 3M™EASY CLEAN coating prevents water and dirt build-up and is easy to clean.

Thanks to the DUAL MOUNT system, the bath screen may be installed on either side.

Flow characteristics

- working pressure 1-5 bar

Specification

- width: 120 cm
- height: 150 cm
- opening to both sides
- tempered safety glass, thickness: 5 mm
- special hinges with a lifting system
- aluminium profile

Product care

WHAT IS THE MOST EFFECTIVE WAY TO CLEAN A SHOWER ENCLOSURE?

The glass walls of the shower enclosure should be cleaned regularly, preferably after each use, using a soft cloth (for example, a microfibre cloth) and a solution of water with a mild cleaning agent with a natural composition. After cleaning the enclosure, rinse the inner glass surface thoroughly and remove any remaining water with a rubber squeegee or soft cloth. You can clean the outer side of the glass walls using a mirror or glass cleaner. It is important to avoid using rough, abrasive materials and caustic or bleaching substances to prevent damaging the surface of the glass.

To tackle stubborn dirt or limescale deposits, you can use cleaning agents dedicated to shower enclosures. It is recommended to lubricate hinges, joints, guide tracks and rollers at least once a year using technical lubricant or silicone grease to ensure their smooth

operation.
