MODERN PROJECT | free-standing toilet roll and brush holder with a shelf

Finish: brushed nickel (NI)

MODERN PROJECT accessories collection has a solid clean form and minimalist design. The perfectly defined, circle-based shapes give the collection a timeless and modern look.

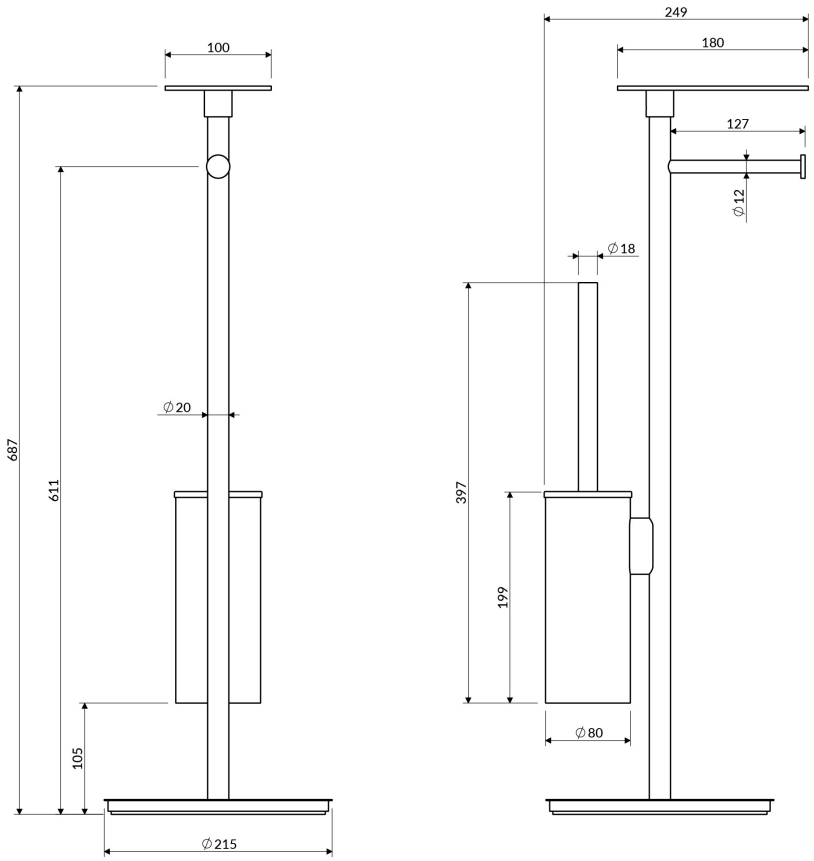

Made of durable stainless steel, the multifunctional toilet stand offers a practical solution for optimal space organisation. The stand combines the functionality of a toilet brush, toilet roll holder, and integrated shelf, keeping all essential accessories neatly in one place. The shelf provides a convenient place for hygiene products or small items, increasing the comfort of daily rituals and eliminating the need to install additional accessories.

Nickel is an industrial finishing in a silvery colour, with a satin, brushed surface.
