

CLASSICA M+ | freestanding bath, 160 x 79 cm

Finish: matt white (BM)

The OMNIREs CLASSICA freestanding bath is an ingenious combination of modernity and the most stunning classical principles. The distinctive profiling and decorative milling give the bath a truly original look and a romantic feel. The bath's optimal width and the streamlined, gently curved rim guarantee maximum comfort when bathing. As the waste is centrally located, the two-person bath is ideal for a moment of shared relaxation. The bath comes with a click-clack waste bath trap.

The bath is made of a composite material (M+) whose main component is dolomite rock. The innovative production technology guarantees impeccable execution of every detail while ensuring remarkable durability and resistance.

The silky-smooth matt surface of the bath has a finish in classic white.

Design: Paweł Gliński, Marmite

Technologies

The product is made of an innovative composite material, M+, which is exceptionally durable, as well as resistant to damage, pressure and extreme temperatures.

The material provides highly desirable, precise finishing. Product surface is perfectly smooth and even, and dimensions precisely match the technical drawing (tolerance 0-3 mm).

Perfectly smooth product surface is free from any ruptures of micro openings, where bacteria and germs could grow. It is also easy to clean and maintain.

The product is very pleasant to the touch. The satin finish resembles a smooth stone that has been polished by water.

Product surface is warm to the touch. Water maintains its temperature for longer, both maximising the user experience and saving energy.

Thanks to its high density, M+ composite provides exceptional acoustic absorption. Sound of the falling water is minimised.

Specification

- length: 160 cm
- width: 79 cm
- height: 61,5 cm
- double-ended bath
- no overflow
- click-clack bath waste included
- capacity: 338 l
- net weight: 95,3 kg
- gross weight: 125 kg
