OMNIRES

UNI | grab rail, 35 cm

Finish: brushed graphite (GR)

The brass grab rail from the Inclusive Design range is designed to increase safety in bath and toilet areas. It provides stable support when standing up or moving around the bathroom, serving as a reliable aid for users with reduced mobility. Its ergonomic form and gently contoured edges adapt to the natural position of the hand, significantly enhancing comfort. The universal design allows the handle to be freely combined with accessories from other OMNIRES collections, while its timeless form integrates effortlessly with a variety of bathroom fittings.

Graphite is an intriguing finishing in the shade of metallic grey, with a satin, brushed surface.

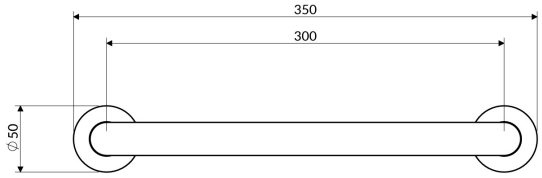

Technologies

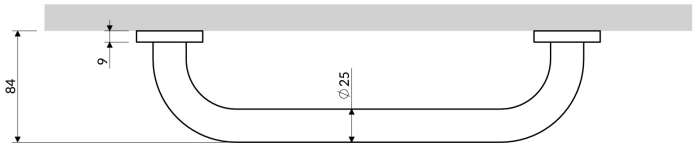

A solution from the Inclusive Design line, created for people with reduced mobility, ensuring comfortable, safe and equal access to all product functions.

The product is made of high quality A-grade brass.
