OMNIRES

MICROPHONE | hand shower

Finish: brushed gold (GLB)

The OMNIRES MICROPHONE collection has been designed for maximum user comfort while standing out with its minimalist form. The hand shower's modern design adds elegance and lightness to the interior, and its slim, ergonomic shape combined with a wide colour palette makes the collection a perfect fit for contemporary bathroom aesthetics.

Brushed gold is a noble finishing in an elegant shade, with a contemporary, satin surface. The product is coated using the advanced PVD technology.

Certificates: Polish Declaration of Performance (B marking), Polish Hygienic Certificate PZH

Technologies

Aerators, shower heads, hand showers and jets made with resilient, EASY CLEAN nozzles allow the user to remove any limescale simply through wiping the silicone surface.

The product is coated using the advanced PVD technology which guarantees the highest possible durability and facilitates cleaning.

The product is made of high quality A-grade brass.

Flow characteristics

- working pressure 1-5 bar
- acoustic group: U

Specification

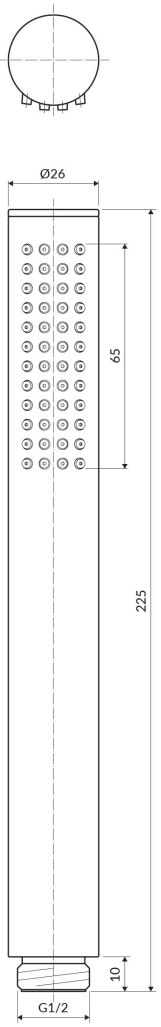

- brass
- 1-function

Product care

WHAT IS THE BEST WAY TO CARE FOR A HAND SHOWER ?

Remember to regularly wipe the silicone nozzles with your hand to remove any limescale deposits that might be forming on their surface. A toothpick or toothbrush can also be used to clean the spaces in between if there is a considerable build-up of limescale.

For more stubborn dirt, it is recommended to immerse the hand shower in a 10% citric acid solution with water for about 10 minutes to soften the limescale and then wipe across the nozzles with a soft brush. It is not recommended to use rough or abrasive materials and corrosive or bleaching substances to prevent damaging the surface of the product. From time to time, it is recommended to unscrew the hand shower and flush it from the inside to remove any dirt preventing the flow of water.
