OMNIRES

NEVADA | hand shower

Finish: matt black (BLM)

The OMNIRES NEVADA collection captures attention with its classic design, while its versatile aesthetic allows it to blend effortlessly with other bathroom elements. The hand shower offers three types of water stream – rain, massage, and turbo – allowing the product to be tailored to individual needs and preferences. Its universal, rounded shape complements a wide range of interior styles beautifully.

Matt black is an expressive finishing with a velvety to the touch surface.

Certificates: Polish Declaration of Performance (B marking)

The EASY CLEAN nozzles allow the user to easily remove any limescale build up by simply wiping their silicone surface.

Flow characteristics

- water flow at 3 bar: 10.8 l/min
- working pressure 1-5 bar
- acoustic group: II/II/II

Specification

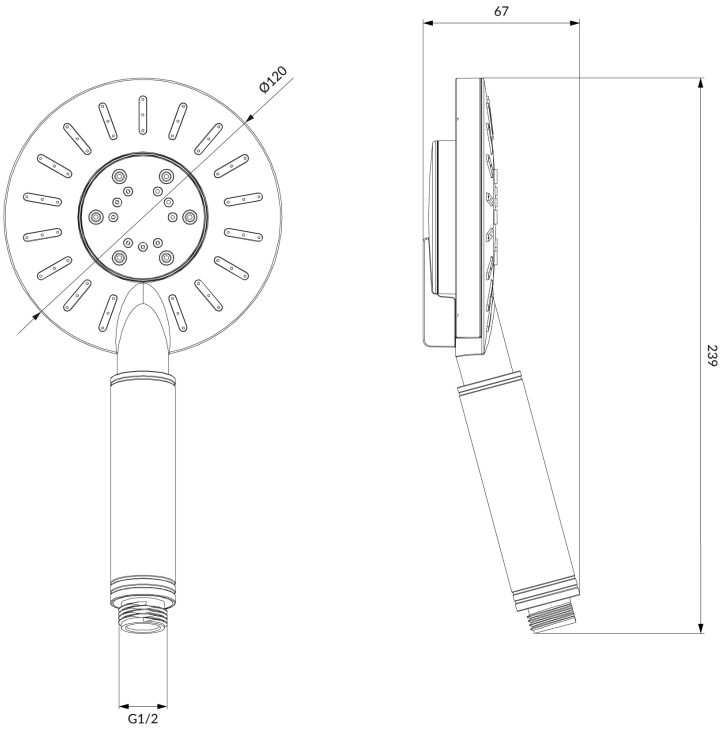

- 3-function, streams: rain, massage, turbo

Product care

WHAT IS THE BEST WAY TO CARE FOR A HAND SHOWER ?

Remember to regularly wipe the silicone nozzles with your hand to remove any limescale deposits that might be forming on their surface. A toothpick or toothbrush can also be used to clean the spaces in between if there is a considerable build-up of limescale.

For more stubborn dirt, it is recommended to immerse the hand shower in a 10% citric acid solution with water for about 10 minutes to soften the limescale and then wipe across the nozzles with a soft brush. It is not recommended to use rough or abrasive materials and corrosive or bleaching substances to prevent damaging the surface of the product. From time to time, it is recommended to unscrew the hand shower and flush it from the inside to remove any dirt preventing the flow of water.
