OMNIRES

Y | [Inclusive Design] tall basin mixer, 33 cm (25 mm cartridge)

Finish: polished chrome (CR)

The basin mixer from the Inclusive Design range enhances comfort, making it genuinely accessible and intuitive for every user. Equipped with an elongated, ergonomically shaped lever, it enables users to activate the water stream using their hand, wrist, or elbow. This ensures convenience for people with limited manual mobility and supports hygienic operation in environments with heightened sanitation standards. The contrasting colours of the hot and cold water markings improve legibility and make temperature selection more intuitive.

Made of high grade brass, the mixer is equipped with a superior quality ceramic cartridge. Innovative technological solutions reduce water consumption by 50% while offering comfort and ease of use.

Chrome is a versatile finishing in a silvery colour, with the perfectly even and lustrous surface.

Certificates: Polish Declaration of Performance (B marking), Polish Hygienic Certificate PZH

Technologies

A solution from the Inclusive Design line, created for people with reduced mobility, ensuring comfortable, safe and equal access to all product functions.

The mixer is equipped with the highest quality ceramic cartridge which ensures smooth and precise water flow control whilst guaranteeing long term product performance.

The ECO WATER technology minimizes environmental footprint by reducing the water consumption by approx. 50%, without compromising on the overall product experience.

Thanks to the AIR WATER technology, the water is soft and pleasant to the touch. The stream does not spray and it is quiet and consistent.

The product's coating, made using advanced galvanization technology, is durable and easy to clean.

The mixer's body, the valve and the rosette are all made of high quality A-grade brass.

Flow characteristics

- hot water supply: max. 90 °C
- water flow at 3 bar: 5.7 l/min
- working pressure 1-5 bar
- acoustic group: II

Specification

- extended mixer lever handle
- spout reach: 17 cm
- water outflow height: 22.5 cm
- total mixer height: 32.5 cm
- ceramic cartridge: ø25 mm

Product care

HOW TO TAKE CARE OF BATHROOM AND KITCHEN FITTINGS?

You should clean your bathroom and kitchen fittings regularly, preferably after each use, so as to prevent the build-up of hard-to-remove dirt. For daily maintenance of external surfaces, use a soft cloth (for example, a microfibre cloth) and a solution of water with a mild cleaning agent with a natural composition. Hard-to-reach recesses and milled details can be gently cleaned with a soft brush. Then rinse the product thoroughly with clean water and wipe it dry. It is not recommended to use rough or abrasive materials and corrosive or bleaching substances to prevent damaging the surface of the product.

For more stubborn dirt, use a 10% citric acid solution with water. Apply this solution directly to the product or cover the product with a cloth soaked in the solution. After 10 minutes, rinse the product thoroughly with clean water and wipe it dry. If necessary, the process can be repeated.
