

BEND | kitchen tap with pull-out spout

Finish: brushed copper (CPB)

The BEND collection showcases an elegant, minimalist design inspired by the harmonious interplay of circles and curves. The kitchen taps are equipped with a swiveling, pull-out spout with a dual-function shower, providing extended reach of the water flow and enhancing user comfort. The mixer is equipped with a superior quality ceramic cartridge, and the innovative technologies applied help reduce water consumption by up to 50%, while maintaining the highest level of user comfort.

Brushed copper is a sophisticated finish with a warm red-brown hue and a satin surface. The product is coated using advanced PVD technology.

Technologies

The mixer is equipped with the highest quality ceramic cartridge which ensures smooth and precise water flow control whilst guaranteeing long term product performance.

The ECO WATER technology minimizes environmental footprint by reducing the water consumption by approx. 50%, without compromising on the overall product experience.

Thanks to the AIR WATER technology, the water is soft and pleasant to the touch. The stream does not spray and it is quiet and consistent, even if any variations in water pressure occur.

The swivel pull-out spout allows precise control of the water flow, makes filling pots and containers easier, and ensures complete freedom of movement at the sink.

Coatings applied using advanced PVD technology guarantee the highest possible durability and effortless cleaning.

Flow characteristics

- working pressure 1-5 bar

Specification

- swivel, pull-out spout
- spout reach: 23.5 cm
- water outflow height: 20.5 cm
- total mixer height: 45 cm
- 2-function hand shower

Product care

How to take care of bathroom and kitchen fittings?

You should clean your bathroom and kitchen fittings regularly, preferably after each use, so as to prevent the build-up of hard-to-
