

TULA | kitchen tap

Finish: brushed copper (CPB)

The TULA collection is distinguished by its modern, elegant lines and meticulously crafted proportions. Gentle curves and defined edges form a harmonious composition, while the practical swivel spout enhances everyday comfort. The mixer is equipped with a superior quality ceramic cartridge, and the innovative technologies applied help reduce water consumption by up to 50%, while maintaining the highest level of user comfort.

Brushed copper is a sophisticated finish with a warm red-brown hue and a satin surface. The product is coated using advanced PVD technology.

Certificates: Polish Declaration of Performance (B marking), Polish Hygienic Certificate PZH

Technologies

The mixer is equipped with the highest quality ceramic cartridge which ensures smooth and precise water flow control whilst guaranteeing long term product performance.

The ECO WATER technology minimizes environmental footprint by reducing the water consumption by approx. 50%, without compromising on the overall product experience.

Thanks to the AIR WATER technology, the water is soft and pleasant to the touch. The stream does not spray and it is quiet and consistent, even if any variations in water pressure occur.

The product is coated using the advanced PVD technology which guarantees the highest possible durability and facilitates cleaning.

Flow characteristics

- water flow at 3 bar: 8.39 l/min
- hot water supply: max. 90 °C
- working pressure 1-5 bar
- acoustic group: I

Specification

- swivel spout
- spout reach: 20 cm
- water outflow height: 28.1 cm
- total mixer height: 38 cm

Product care

How to take care of bathroom and kitchen fittings?

You should clean your bathroom and kitchen fittings regularly, preferably after each use, so as to prevent the build-up of hard-to-
