

ULTRA SLIMLINE | shower head, ø20 cm

Finish: polished chrome (CR)

Shower head internally lined with rubber offering additional protection against damage.

Certificates: Polish Declaration of Performance (B marking), Polish Hygienic Certificate PZH

Technologies

Developed to minimise environmental footprint, the ECO WATER technology reduces water consumption by approx. 30% without compromising on the overall product experience.

The EASY CLEAN nozzles allow the user to easily remove any limescale build up by simply wiping their silicone surface.

The shower head is made using the ANTI-SCALE technology. It incorporates a silicone insert that prevents internal water stagnation. Occasional tilting of the shower head, so that any stagnant water could flow out through the nozzles, guarantees long term product performance.

The shower head is made of high quality stainless steel.

Flow characteristics

- water flow at 3 bar: 9 l/min
- working pressure 1-5 bar
- noise class: II

Specification

- stainless steel
- dimensions: $\varnothing 20$ cm, thickness at the edge: 0.2 cm
- 1-function
- 1/2" water connection
- flow rate: ~ 9 l/min.
