

SLIMLINE | shower head with arm, ø25 cm

Finish: brushed gold (GLB)

Shower head internally lined with rubber offering additional protection against damage.

Certificates: Polish Declaration of Performance (B marking)

Technologies

Developed to minimise environmental footprint, the ECO WATER technology reduces water consumption by approx. 30% without compromising on the overall product experience.

Thanks to the AIR WATER technology, the water is soft and pleasant to the touch, enhancing the overall showering experience.

The shower head is made using the ANTI-SCALE technology. It incorporates a silicone insert that prevents internal water stagnation. Occasional tilting of the shower head, so that any stagnant water could flow out through the nozzles, guarantees long term product performance.

The EASY CLEAN nozzles allow the user to easily remove any limescale build up by simply wiping their silicone surface.

The product is coated using the advanced PVD technology which guarantees highest possible durability, offers exceptional resistance to damage and facilitates cleaning.

The product is made of high quality A-grade brass.

Flow characteristics

- water flow at 3 bar: 11 l/min
- working pressure 1-5 bar
- noise class: II

Specification

- brass
- shower head, 1-function, dimensions: $\varnothing 25$ cm
- reach from the wall: 41 cm
- flow rate: 11 l/min.
