

SLIMLINE | shower head with ceiling shower arm

Finish: brushed graphite (GR)

The OMNIRES SLIMLINE shower head with ceiling-mounted arm enhances the comfort of the showering space by ensuring even water distribution during use. The ceiling-mounted installation allows the fittings to be discreetly concealed while offering greater freedom in bathroom design. Crafted from high-quality brass, it stands out for its durability and resistance to damage, while the silicone insert helps prevent water from accumulating inside the product and makes the shower head easier to keep clean.

Brushed graphite is an intriguing finish in a metallic grey shade, with a satin surface.

Certificates: Polish Declaration of Performance (B marking), Polish Hygienic Certificate PZH

Technologies

Developed to minimise environmental footprint, the ECO WATER technology reduces water consumption by approx. 30% without compromising on the overall product experience.

Thanks to the AIR WATER technology, the water is soft and pleasant to the touch, enhancing the overall showering experience.

The shower head is made using the ANTI-SCALE technology. It incorporates a silicone insert that prevents internal water stagnation. Occasional tilting of the shower head, so that any stagnant water could flow out through the nozzles, guarantees long term product performance.

The EASY CLEAN nozzles allow the user to easily remove any limescale build up by simply wiping their silicone surface.

The product is made of high quality A-grade brass.

Flow characteristics

- water flow at 3 bar: 11.6 l/min
- working pressure 1-5 bar
- Acoustic group: II
- Klasa przepływu: Z

Specification

- made of brass
- 1-function rain shower head, diameter: Ø25 cm
- ceiling-mounted shower arm, length: 24 cm
- water connection: 1/2"
- distance from ceiling to shower head: 31 cm
