

FRESH | shower system for concealed installation

Finish: chrome (CR)

The OMNIRES FRESH collection constitutes the essence of minimalism. The design, inspired primarily by architecture, is based on structures with distinctive contours. The collection marvels with precisely defined edges, responsible for its unique, distinctive look.

Chrome is a versatile finishing in a silvery colour, with the perfectly even and lustrous surface.

Design: Martin Yong

Technologies

The mixer is equipped with the highest quality ceramic cartridge which ensures smooth and precise water flow control whilst guaranteeing long term product performance.

The EASY CLEAN nozzles allow the user to easily remove any limescale from the shower head and the hand shower by simply wiping their silicone surface.

The mixer's body is made of high quality A-grade brass.

The shower head is made using the ANTI-SCALE technology. It incorporates a silicone insert that prevents internal water stagnation. Occasional tilting of the shower head, so that any stagnant water could flow out through the nozzles, guarantees long term product performance.

The product is coated using the advanced electroplating technology which guarantees durability, offers good resistance to mechanical damage and facilitates cleaning.

Flow characteristics

- water flow at 3 bar: 20 l/min
- hot water supply: max. 90 °C

Specification

- shower/bath mixer for concealed installation (FR7135CR)
- brass shower head (WG225CR), dimensions: 25 x 25 cm
- brass shower arm (RA12CR)
- brass shower hand (Y-R/KCR), 1-function
- PVC-coated flexible shower hose (SILVER-X150SL), length: 150 cm
- brass shower elbow with a hand shower bracket (8876CR)
