Product code: IGUACU-SGL
EAN: 5908223782053

OMNIRES

IGUACU | sliding shower set

Finish: polished gold (GL)

Certificates: Polish Declaration of Performance (B marking)

Technologies

The product is coated using the advanced PVD technology which guarantees the highest possible durability and facilitates cleaning.

The product is made of high quality A-grade brass.

Flow characteristics

- hot water supply: max. 90 °C

Specification

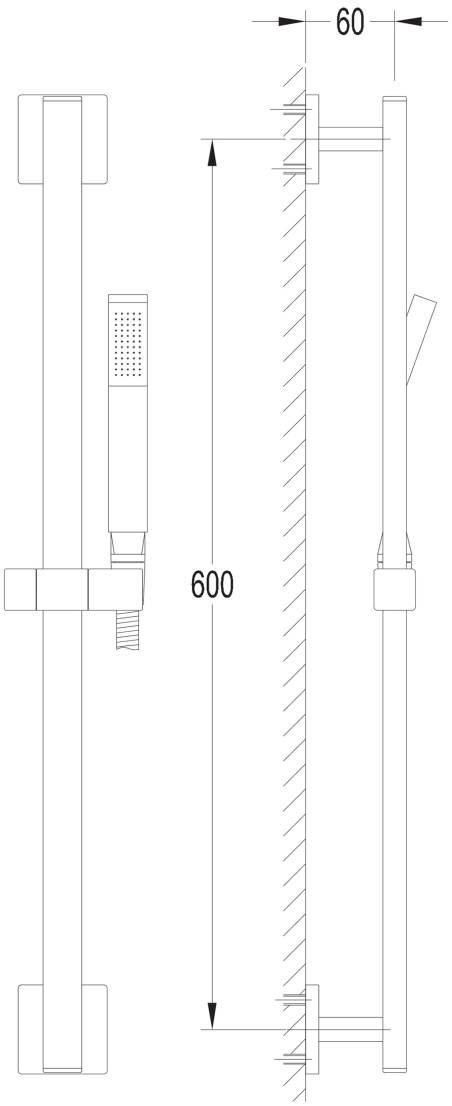

- brass hand shower, 1-function
- brass sliding bar, length: 65 cm, distance between mounting brackets: 60 cm
- brass flexible shower hose, length: 150 cm

Product care

WHAT IS THE BEST WAY TO CARE FOR A HAND SHOWER ?

Remember to regularly wipe the silicone nozzles with your hand to remove any limescale deposits that might be forming on their surface. A toothpick or toothbrush can also be used to clean the spaces in between if there is a considerable build-up of limescale.

For more stubborn dirt, it is recommended to immerse the hand shower in a 10% citric acid solution with water for about 10 minutes to soften the limescale and then wipe across the nozzles with a soft brush. It is not recommended to use rough or abrasive materials and corrosive or bleaching substances to prevent damaging the surface of the product. From time to time, it is recommended to unscrew the hand shower and flush it from the inside to remove any dirt preventing the flow of water.
