

PARMA | tall basin mixer

Finish: brushed nickel (NI)

The OMNIRES PARMA collection stands out with its minimalist, elegant design. A well-balanced form with rounded edges proves light and subtle. Well thought-out solutions give the collection a timeless character.

Made of high grade brass, the mixer is equipped with a superior quality ceramic cartridge. Innovative technological solutions reduce water consumption by 50% while offering comfort and ease of use.

Nickel is an industrial finishing in a silvery colour, with a satin, brushed surface. The product is coated using the advanced PVD technology.

Design: Janusz Langner, OMNIRES Studio

Certificates: Polish Hygienic Certificate PZH

Technologies

The mixer is equipped with the highest quality ceramic cartridge which ensures smooth and precise water flow control whilst guaranteeing long term product performance.

The ECO WATER technology minimizes environmental footprint by reducing the water consumption by approx. 50%, without compromising on the overall product experience.

Thanks to the AIR WATER technology, the water is soft and pleasant to the touch. The stream does not spray and it is quiet and consistent, even if any variations in water pressure occur.

The product is coated using the advanced PVD technology which guarantees the highest possible durability and facilitates cleaning.

The mixer's body is made of high quality A-grade brass.

Flow characteristics

- water flow at 3 bar: 7 l/min
- hot water supply: max. 90 °C
- working pressure 1-5 bar

Specification

- spout reach: 16.5 cm
- water outflow height: 22 cm
- total mixer height: 27.3 cm
- water-saving aerator (7 l/min.)
- ceramic cartridge: $\varnothing 25$ mm
