

Y | thermostatic shower mixer for exposed installation

Finish: polished chrome (CR)

The OMNIRES Y collection thrills with its simple line and an impeccable form which expresses the passion in pursuit for the ideal. The design has been inspired by and based on the shape of a circle. Its timeless and perfectly refined design, created in the spirit of minimalism, offers the maximum of interior design options.

Made of high grade brass, the mixer is equipped with a superior quality thermostatic cartridge.

Chrome is a versatile finishing in a silvery colour, with the perfectly even and lustrous surface.

Design: Janusz Langner, OMNIRES

Certificates: Polish Declaration of Performance (B marking), Polish Hygienic Certificate PZH

Technologies

The mixer is equipped with the highest quality thermostatic cartridge incorporating a 38°C lock. The cartridge protects against sudden temperature changes and guarantees long term product performance.

The product's coating, made using advanced galvanization technology, is durable and easy to clean.

The mixer's body is made of high quality A-grade brass.

Flow characteristics

- water flow at 3 bar: 20 l/min
- hot water supply: max. 90 °C
- working pressure 1-5 bar
- acoustic group: II

Specification

- hot water lock at 38°C

Product care

HOW TO TAKE CARE OF BATHROOM AND KITCHEN FITTINGS?

You should clean your bathroom and kitchen fittings regularly, preferably after each use, so as to prevent the build-up of hard-to-

For more stubborn dirt, use a 10% citric acid solution with water. Apply this solution directly to the product or cover the product with a cloth soaked in the solution. After 10 minutes, rinse the product thoroughly with clean water and wipe it dry. If necessary, the process can be repeated.

For the thermostatic mixer to operate correctly, run the mixer once every two weeks, spanning the full temperature range – from very cold water to the maximum hot water setting. Repeat the operation several times.
