

## CONTOUR | thermostatic shower system for concealed installation

---

### Finish: brushed copper (CPB)

The OMNIRES CONTOUR collection intrigues with its extravagant form and decorative details. An austere, architectural design with a diamond milling marvels with the sophisticated combination of textures and perfect workmanship.

Brushed copper is a sophisticated finish with a warm red-brown hue and a satin surface. The product is coated using advanced PVD technology.

Design: Paulina Shacalis, OMNIRES Studio  
Awards: Red Dot Design Award, Must Have  
Distinctions: Dobry Wzór

## Technologies

---

The mixer is equipped with the highest quality thermostatic cartridge incorporating a 38°C lock. The cartridge protects against sudden temperature changes and guarantees long term product performance.

The shower head is made using the ANTI-SCALE technology. It incorporates a silicone insert that prevents internal water stagnation. Occasional tilting of the shower head, so that any stagnant water could flow out through the nozzles, guarantees long term product performance.

The EASY CLEAN nozzles allow the user to easily remove any limescale build up by simply wiping their silicone surface.

The product is coated using the advanced PVD technology which guarantees the highest possible durability and facilitates cleaning.

The mixer's body, the valve and the rosette are all made of high quality A-grade brass.

## Flow characteristics

---

- hot water supply: max. 90 °C
- working pressure 1-10 bar

## Specification

---

- thermostatic shower/bath mixer for concealed installation (CT8036CPB)
- brass shower head (WG125CCPB), dimensions:  $\varnothing 25$  cm
- brass shower arm (RA01C-KCPB)
- brass shower hand (CONTOUR-RCPB), 1-function
- stainless steel flexible shower hose, length: 150 cm
- brass shower elbow with a hand shower bracket (8873C-KCPB)
