

PARMA | thermostatic shower system for concealed installation

Finish: brushed graphite (GR)

The OMNIRES PARMA collection stands out with its minimalist, elegant design. A well-balanced form with rounded edges proves light and subtle. Well thought-out solutions give the collection a timeless character.

Graphite is an intriguing finishing in the shade of metallic grey, with a satin, brushed surface.

Design: Janusz Langner, OMNIRES Studio

Technologies

The mixer is equipped with the highest quality thermostatic cartridge incorporating a 38°C lock. The cartridge protects against sudden temperature changes and guarantees long term product performance.

The shower head is made using the ANTI-SCALE technology. It incorporates a silicone insert that prevents internal water stagnation. Occasional tilting of the shower head, so that any stagnant water could flow out through the nozzles, guarantees long term product performance.

The mixer's body is made of high quality A-grade brass.

Thanks to the AIR WATER technology, the water is soft and pleasant to the touch, enhancing the overall showering experience.

The EASY CLEAN nozzles allow the user to easily remove any limescale from the shower head and the hand shower by simply wiping their silicone surface.

Flow characteristics

- hot water supply: max. 90 °C
- working pressure 1-10 bar

Specification

- thermostatic shower/bath mixer for concealed installation (PM7436GR)
- brass shower head (WG220-OGR), dimensions: 20 x 20 cm
- brass shower arm (RA15GR)
- hand shower (JIMJIM-RGR), 3-function, streams: rain, whip, mixed
- stainless steel flexible shower hose (O23-XGR), length: 150 cm
- brass shower elbow with a hand shower bracket (8815GR)
