

ARMANCE | thermostatic shower system for exposed installation

Finish: polished gold (GL)

The OMNIRES ARMANCE collection features modern form with creative references to traditional style. It stands out thanks to its perfect design, decorative details and its romantic aesthetics.

Brushed gold is a sophisticated finishing in an elegant shade, with a contemporary, satin surface. The product is coated using the advanced PVD technology.

Certificates: Polish Declaration of Performance (B marking), Polish Hygienic Certificate PZH

Technologies

The mixer is equipped with the highest quality thermostatic cartridge incorporating a 38°C lock. The cartridge protects against sudden temperature changes and guarantees long term product performance.

Thanks to the SAFE TOUCH technology the mixer's body doesn't get hot, eliminating the risk of accidental scalding.

The shower head is made using the ANTI-SCALE technology. It incorporates a silicone insert that prevents internal water stagnation. Occasional tilting of the shower head, so that any stagnant water could flow out through the nozzles, guarantees long term product performance.

The EASY CLEAN nozzles allow the user to easily remove any limescale from the shower head and the hand shower by simply wiping their silicone surface.

The product is coated using the advanced PVD technology which guarantees the highest possible durability and facilitates cleaning.

The product is made of high quality A-grade brass.

Flow characteristics

- hot water supply: max. 90 °C
- water flow at 3 bar: 18 l/min
- noise class: II/II

Specification

- shower mixer, diverter
- hot water lock at 38°C
- diverter
- brass shower head, dimensions: $\varnothing 22,5$ cm, reach from the wall: 42 cm
- hand shower (ARMANCE-RGL), 1-function
- brass flexible shower hose (O29GL), length: 150 cm
- wall bracket
- total height of the system: 120 cm
