EAN: 5908223785887

OMNIRES

Y | 3-way diverter for concealed installation

Finish: polished chrome (CR)

The OMNIRES Y collection thrills with its simple line and an impeccable form which expresses the passion in pursuit for the ideal. The design has been inspired by and based on the shape of a circle. Its timeless and perfectly refined design, created in the spirit of minimalism, offers the maximum of interior design options.

Chrome is a versatile finishing in a silvery colour, with the perfectly even and lustrous surface.

Design: Janusz Langner, OMNIRES

Certificates: Polish Declaration of Performance (B marking), Polish Hygienic Certificate PZH

Technologies

The mixer is equipped with the highest quality ceramic cartridge which ensures smooth and precise water flow control whilst guaranteeing long term product performance.

The product's coating, made using advanced galvanization technology, is durable and easy to clean.

Flow characteristics

- hot water supply: max. 90 °C
- working pressure 1-5 bar
- acoustic group: II/II/II

Specification

- „0” position
- rosette dimensions: 9 x 9 cm
- minimum wall depth: 4.5 cm
- one 1/2” mixed water inlet, three outlets 1/2” for mixed water
- built-in parts included

Product care

HOW TO TAKE CARE OF BATHROOM AND KITCHEN FITTINGS?

You should clean your bathroom and kitchen fittings regularly, preferably after each use, so as to prevent the build-up of hard-to-remove dirt. For daily maintenance of external surfaces, use a soft cloth (for example, a microfibre cloth) and a solution of water with a mild cleaning agent with a natural composition. Hard-to-reach recesses and milled details can be gently cleaned with a soft brush. Then rinse the product thoroughly with clean water and wipe it dry. It is not recommended to use rough or abrasive materials and corrosive or bleaching substances to prevent damaging the surface of the product.

For more stubborn dirt, use a 10% citric acid solution with water. Apply this solution directly to the product or cover the product with a cloth soaked in the solution. After 10 minutes, rinse the product thoroughly with clean water and wipe it dry. If necessary, the process can be repeated.
