

Y | 5-hole bath mixer for concealed installation with long spout

Finish: brushed copper (CPB)

The OMNIRES Y bath mixer for concealed installation with integrated hand shower thrills with its simple line and an impeccable form which expresses the passion in pursuit for the ideal. The design has been inspired by and based on the shape of a circle. Its timeless and perfectly refined design, created in the spirit of minimalism, offers the maximum of interior design options, and the elongated spout makes it suitable for larger baths that are offset from the wall. Thanks to its symmetric form, the bath mixer and the bath are perfectly tuned, creating a harmonious composition. The concealed installation guarantees the economy of space and the ease of cleaning.

Brushed copper is a sophisticated finish with a warm red-brown hue and a satin surface. The product is coated using advanced PVD technology.

Design: Paulina Shacalis, OMNIRES Studio
Awards: Dobry Wzór

Technologies

The mixer is equipped with the highest quality ceramic cartridge which ensures smooth and precise water flow control whilst guaranteeing long term product performance.

Thanks to the AIR WATER technology, the water is soft and pleasant to the touch. The stream does not spray and it is quiet and consistent, even if any variations in water pressure occur.

The product is coated using the advanced PVD technology which guarantees the highest possible durability and facilitates cleaning.

The mixer's body, the valve and the rosette are all made of high quality A-grade brass.

Flow characteristics

- working pressure 1-5 bar
- water flow at 3 bar: 20 l/min
- hot water supply: max. 90 °C

Specification

- rosette dimensions: \varnothing 7.2 cm
- spout reach from tiled surface: 22-23 cm
- minimum wall depth: 6.4 cm
- two 1/2" inlets (cold and hot water)
- brass hand shower, 1-function
- stainless steel flexible shower hose, length: 125 cm
