

## Y | bidet system for concealed installation

---

### Finish: brushed copper (CPB)

The OMNIRES Y collection thrills with its simple line and an impeccable form which expresses the passion in pursuit for the ideal. The design has been inspired by and based on the shape of a circle. Its timeless and perfectly refined design, created in the spirit of minimalism, offers the maximum of interior design options.

Brushed copper is a sophisticated finish with a warm red-brown hue and a satin surface. The product is coated using advanced PVD technology.

Design: Janusz Langner, OMNIRES Studio

## Technologies

---

The mixer is equipped with the highest quality ceramic cartridge which ensures smooth and precise water flow control whilst guaranteeing long term product performance.

The product is coated using the advanced PVD technology which guarantees the highest possible durability and facilitates cleaning.

The mixer's body is made of high quality A-grade brass.

## Flow characteristics

---

- water flow at 3 bar: 8 l/min
- working pressure 1-5 bar
- hot water supply: max. 90 °C

## Specification

---

- bidet mixer for concealed installation
- built-in part for bidet mixer for concealed installation
- brass bidet hand shower (BIDETTA2-RCPB)
- stainless steel flexible shower hose (022-XCPB), length: 125 cm
- after using the product, always shut off the water supply using the mixer or the inside stop cock. Leaving the bidet hand shower pressurized can lead to leakage or damage to the product.

## Product care

---

### How to take care of bathroom and kitchen fittings?

You should clean your bathroom and kitchen fittings regularly, preferably after each use, so as to prevent the build-up of hard-to-remove dirt. For daily maintenance of external surfaces, use a soft cloth (for example, a microfibre cloth) and a solution of water with
