

VENEZIA M+ | freestanding bath, 160 x 73 cm

Finish: matt white (BM)

The OMNIRES VENEZIA freestanding bath is a modern interpretation of a traditional shape. The structure contour features the classic retro style. Thanks to a distinctive, profiled bath headrest, the user can take the best position while bathing, which ensures the highest comfort of use. In this bath model the drain is located in the middle so that two people could rest comfortably.

The bath is made of an innovative composite material whose main component is dolomite rock. The technology used guarantees impeccable execution of every detail while ensuring remarkable durability and resistance. The silky-smooth matt surface of the bath has a finish in classic white.

Certificates: European Declaration of Performance (CE marking)

Technologies

The material provides highly desirable, precise finishing. Product surface is perfectly smooth and even, and dimensions precisely match the technical drawing (tolerance 0-3 mm).

The product is made of an innovative composite material, M+, which is exceptionally durable, as well as resistant to damage, pressure and extreme temperatures.

Perfectly smooth product surface is free from any ruptures of micro openings, where bacteria and germs could grow. It is also easy to clean and maintain.

The product is very pleasant to the touch. The satin finish resembles a smooth stone that has been polished by water.

Product surface is warm to the touch. Water maintains its temperature for longer, both maximising the user experience and saving energy.

Thanks to its high density, M+ composite provides exceptional acoustic absorption. Sound of the falling water is minimised.

Specification

- length: 159.5 cm
- width: 73.2 cm
- height: 80.5 cm
- double-ended bath
- no overflow
- capacity: 280 l
- net weight: 72 kg
- gross weight: 93 kg
- bath waste not included (choose)
