

## ADAPTER | hand shower adapter

---

### Finish: polished chrome (CR)

Hand shower adapter is a practical component connecting the hand shower and the shower hose, which allows the water flow to be directed ergonomically. Thanks to the 60-degree angle, the water flows downwards rather than horizontally, increasing showering comfort. This practical solution can be applied to shower elbows and sliding bars without hand shower angle adjustment, deck-mounted bath mixers and multi-hole mixers for concealed installation.

Chrome is a versatile finishing in a silvery colour, with the perfectly even and lustrous surface.

## Technologies

---

The product is made of high quality A-grade brass.

## Flow characteristics

---

- working pressure 1-5 bar

## Specification

---

- 1/2" connection
- height: 4.6 cm
