OMNIRES

JIMJIM | hand shower set

Finish: brushed nickel (NI)

The OMNIRES JIMJIM collection stands out with its raw, industrial aesthetic, perfectly complementing contemporary bathroom designs. The hand shower offers three types of water stream – rain, whip, and mixed – allowing the product to be tailored to individual needs and preferences. The brass wall bracket ensures a secure fit and optimizes space while highlighting the interior's modern style.

Nickel is an industrial finishing in a silvery colour, with a satin, brushed surface. The product is coated using the advanced PVD technology.

Certificates: Polish Declaration of Performance (B marking)

Technologies

The EASY CLEAN nozzles allow the user to easily remove any limescale build up by simply wiping their silicone surface.

Flow characteristics

- hot water supply: max. 90 °C

Specification

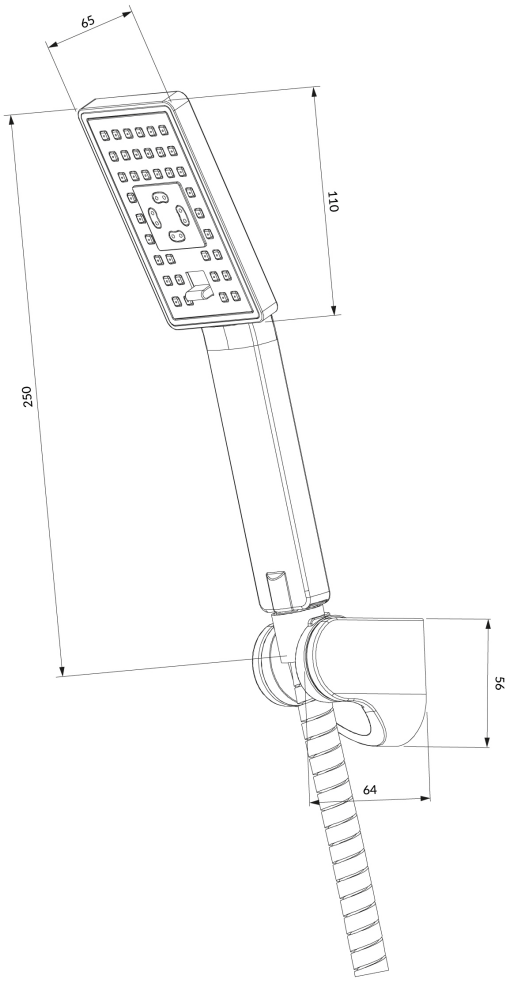

- hand shower, 3-function, streams: rain, whip, mixed
- adjustable hand shower bracket
- stainless steel flexible shower hose, length: 150 cm

Product care

WHAT IS THE BEST WAY TO CARE FOR A HAND SHOWER ?

Remember to regularly wipe the silicone nozzles with your hand to remove any limescale deposits that might be forming on their surface. A toothpick or toothbrush can also be used to clean the spaces in between if there is a considerable build-up of limescale.

For more stubborn dirt, it is recommended to immerse the hand shower in a 10% citric acid solution with water for about 10 minutes to soften the limescale and then wipe across the nozzles with a soft brush. It is not recommended to use rough or abrasive materials and corrosive or bleaching substances to prevent damaging the surface of the product. From time to time, it is recommended to unscrew the hand shower and flush it from the inside to remove any dirt preventing the flow of water.
