

CONTOUR | shower system for concealed installation

Finish: brushed anthracite (AT)

The OMNIRES CONTOUR collection intrigues with its extravagant form and decorative details. An austere, architectural design with a diamond milling marvels with the sophisticated combination of textures and perfect workmanship.

Made of high grade brass, the mixer is equipped with a superior quality ceramic cartridge.

Anthracite is a modern finishing in a deep metallic shade, with a satin, brushed surface. The product is coated using the advanced PVD technology.

Design: Paulina Shacalis, OMNIRES Studio
Awards: Red Dot Design Award, Must Have
Distinctions: Dobry Wzór

Technologies

The mixer is equipped with the highest quality ceramic cartridge which ensures smooth and precise water flow control whilst guaranteeing long term product performance.

The EASY CLEAN nozzles allow the user to easily remove any limescale from the shower head and the hand shower by simply wiping their silicone surface.

The mixer's body, the valve and the rosette are all made of high quality A-grade brass.

The shower head is made using the ANTI-SCALE technology. It incorporates a silicone insert that prevents internal water stagnation. Occasional tilting of the shower head, so that any stagnant water could flow out through the nozzles, guarantees long term product performance.

The product is coated using the advanced PVD technology which guarantees the highest possible durability and facilitates cleaning.

Flow characteristics

- hot water supply: max. 90 °C
