

PARMA | shower system for concealed installation

Finish: polished chrome / white (CRB)

The OMNIRES PARMA collection stands out with its minimalist, elegant design. A well-balanced form with rounded edges proves light and subtle. Well thought-out solutions give the collection a timeless character.

White and chrome is a novel composition of flawless surfaces, which renders a versatile effect and a light look.

Design: Janusz Langner, OMNIRES Studio

Certificates: Polish Declaration of Performance (B marking)

Technologies

The mixer is equipped with the highest quality ceramic cartridge which ensures smooth and precise water flow control whilst guaranteeing long term product performance.

Thanks to the AIR WATER technology, the water is soft and pleasant to the touch, enhancing the overall showering experience.

The shower head is made using the ANTI-SCALE technology. It incorporates a silicone insert that prevents internal water stagnation. Occasional tilting of the shower head, so that any stagnant water could flow out through the nozzles, guarantees long term product performance.

The EASY CLEAN nozzles allow the user to easily remove any limescale from the shower head and the hand shower by simply wiping their silicone surface.

The product's chrome-plated coating, made using advanced galvanization technology, is durable and easy to clean.

The mixer's body is made of high quality A-grade brass.

Flow characteristics

- water flow at 3 bar: 16 l/min
- hot water supply: max. 90 °C

Specification

- shower/bath mixer for concealed installation (PM7435CRB)
- brass shower head (WG220-OCRB), dimensions: 20 x 20 cm
- brass shower arm (RA15CRB)
- hand shower (DAVIS-RCRB), 3-function, streams: rain, massage, mixed
- PVC-coated flexible shower hose (SILVER-X150SL), length: 150 cm
- brass shower elbow with a hand shower bracket (8815CRB)
