

## SLIDE | shower system for concealed installation

---

Finish: polished chrome (CR)

The OMNIRES SLIDE collection stands out with its avant-garde form. Soft lines become subject to geometrical discipline. Surfaces bend at the play of light, adding a unique touch to the entire collection.

Chrome is a versatile finishing in a silvery colour, with the perfectly even and lustrous surface.

Design: Dominika Drezner-Ilczuk  
Distinctions: Dobry Wzór

Certificates: Polish Declaration of Performance (B marking)

## Technologies

---

The mixer is equipped with the highest quality ceramic cartridge which ensures smooth and precise water flow control whilst guaranteeing long term product performance.

Developed to minimise environmental footprint, the ECO WATER technology reduces water consumption by approx. 30% without compromising on the overall product experience.

The shower head is made using the ANTI-SCALE technology. It incorporates a silicone insert that prevents internal water stagnation. Occasional tilting of the shower head, so that any stagnant water could flow out through the nozzles, guarantees long term product performance.

The EASY CLEAN nozzles allow the user to easily remove any limescale from the shower head and the hand shower by simply wiping their silicone surface.

The product's coating, made using advanced galvanization technology, is durable and easy to clean.

The mixer's body is made of high quality A-grade brass.

The shower head is made of high quality stainless steel.

## Flow characteristics

---

- water flow at 3 bar: 14 l/min
- hot water supply: max. 90 °C

## Specification

- shower/bath mixer for concealed installation (SL7735CR)
- shower head (WGU225CR), dimensions: 25 x 25 cm
- brass shower arm (RA15CR)
- hand shower (DAVISX-RCR), 3-function, streams: rain, massage, mixed
- PVC-coated shower hose (SILVER-X150SL), length: 150 cm
- brass shower elbow with a hand shower bracket (8815CR)
- hand shower adapter (T87CR)
