

Y | shower system for concealed installation

Finish: chrome (CR)

The OMNIRES Y collection thrills with its simple line and an impeccable form which expresses the passion in pursuit for the ideal. The design has been inspired by and based on the shape of a circle. Its timeless and perfectly refined design, created in the spirit of minimalism, offers the maximum of interior design options.

Chrome is a versatile finishing in a silvery colour, with the perfectly even and lustrous surface.

Design: Janusz Langner, OMNIRES Studio

Certificates: Polish Declaration of Performance (B marking)

Technologies

The mixer is equipped with the highest quality ceramic cartridge which ensures smooth and precise water flow control whilst guaranteeing long term product performance.

The EASY CLEAN nozzles allow the user to easily remove any limescale from the shower head and the hand shower by simply wiping their silicone surface.

The mixer and the shower head are made of high quality A-grade brass.

The shower head is made using the ANTI-SCALE technology. It incorporates a silicone insert that prevents internal water stagnation. Occasional tilting of the shower head, so that any stagnant water could flow out through the nozzles, guarantees long term product performance.

The product is coated using the advanced electroplating technology which guarantees durability, offers good resistance to mechanical damage and facilitates cleaning.

Produkt jest objęty gwarancją na okres 5 lat. Poznaj szczegóły.

Flow characteristics

- water flow at 3 bar: 20 l/min
- hot water supply: max. 90 °C
- working pressure 1-6 bar

Specification

- shower/bath mixer for concealed installation (Y1235CR)
- brass shower head (WG120CR), dimensions: $\varnothing 20$ cm
- brass shower arm (RA01CR)
- hand shower (YOSEMITE-RCR), 5-function, streams: massage, mist, aerated rain, aerated massage, aerated mist
- stainless steel flexible shower hose (023-XCR), length: 150 cm
- brass shower elbow with a hand shower bracket (8873CR)
