

FRESH | exposed element for thermostatic shower/bath mixer for concealed installation

Finish: chrome (CR)

The OMNIRES FRESH collection constitutes the essence of minimalism. The design, inspired primarily by architecture, is based on structures with distinctive contours. The collection marvels with precisely defined edges, responsible for its unique, distinctive look.

To complete the shower/bath mixer, it is necessary to additionally purchase the built-in element: BOXTE2F, equipped with a brass body and a high-quality thermostatic cartridge.

Chrome is a versatile finishing in a silvery colour, with the perfectly even and lustrous surface.

Design: Martin Yong

Technologies

The product is coated using the advanced electroplating technology which guarantees durability, offers good resistance to mechanical damage and facilitates cleaning.

The mixer's body is made of high quality A-grade brass.

Flow characteristics

- working pressure 1-10 bar
- hot water supply: max. 90 °C

Specification

- rosette dimensions: 11 x 19.5 cm
- complementary product to built-in part BOXTE2F
