

SLIDE | thermostatic shower system for concealed installation

Finish: brushed graphite (GR)

The OMNIRES SLIDE collection stands out with its avant-garde form. Soft lines become subject to geometrical discipline. Surfaces bend at the play of light, adding a unique touch to the entire collection.

Made of high grade brass, the mixer is equipped with a superior quality ceramic cartridge. Innovative technological solutions reduce water consumption by 50% while offering comfort and ease of use.

Graphite is an intriguing finishing in the shade of metallic grey, with a satin, brushed surface.

Technologies

The mixer is equipped with the highest quality thermostatic cartridge incorporating a 38°C lock. The cartridge protects against sudden temperature changes and guarantees long term product performance.

Thanks to the AIR WATER technology, the water is soft and pleasant to the touch, enhancing the overall showering experience.

The shower head is made using the ANTI-SCALE technology. It incorporates a silicone insert that prevents internal water stagnation. Occasional tilting of the shower head, so that any stagnant water could flow out through the nozzles, guarantees long term product performance.

The EASY CLEAN nozzles allow the user to easily remove any limescale from the shower head and the hand shower by simply wiping their silicone surface.

The mixer's body is made of high quality A-grade brass.
