

CALGARY | wall-mounted shower column

Finish: polished chrome (CR)

Certificates: Polish Declaration of Performance (B marking)

Technologies

The ECO WATER technological solutions minimise environmental footprint by reducing water consumption by 30-50% without compromising on the overall product experience.

The EASY CLEAN nozzles allow the user to easily remove any limescale from the shower head and the hand shower by simply wiping their silicone surface.

The shower head is made using the ANTI-SCALE technology. It incorporates a silicone insert that prevents internal water stagnation. Occasional tilting of the shower head, so that any stagnant water could flow out through the nozzles, guarantees long term product performance.

Flow characteristics

- working pressure 1-5 bar

Specification

- to be mounted with any shower or bath mixer for exposed installation
- shower column (UN10041CR) with brass diverter and shower head arm
- distance between mounting brackets: 73.2 cm
- stainless steel shower head (WGU120CR), dimensions: $\varnothing 20$ cm, arm reach from the wall: 43 cm
- hand shower (YOSEMITE-RCR), 5-function
- stainless steel flexible shower hose, length: 150 cm
- connecting hose for shower mixer
- swivel arm
- adjustable height, minimum/maximum system height: 83.5 cm/114 cm
