

DAVIS | wall-mounted shower column

Finish: polished chrome (CR)

Technologies

Developed to minimise environmental footprint, the ECO WATER technology reduces water consumption by approx. 30% without compromising on the overall product experience.

The EASY CLEAN nozzles allow the user to easily remove any limescale build up by simply wiping their silicone surface.

The shower head is made using the ANTI-SCALE technology. It incorporates a silicone insert that prevents internal water stagnation. Occasional tilting of the shower head, so that any stagnant water could flow out through the nozzles, guarantees long term product performance.

The product's coating, made using advanced galvanization technology, is durable and easy to clean.

Flow characteristics

- working pressure 1-5 bar

Specification

- to be mounted with any shower or bath mixer for exposed installation
- shower column (UN10041CR) with brass diverter and arm for mounting shower head
- distance between mounting brackets: 73.2 cm
- stainless steel shower head (WGU225CR), dimensions: 25 x 25 cm, arm reach from the wall: ~40 cm
- hand shower (DAVISX-RCR), 3-function, streams: rain, massage, mixed
- stainless steel flexible shower hose, length: 150 cm
- connecting hose for shower mixer
- swivel arm
- total system height: 83.5 cm/114 cm (adjustable)
